FEOC CERTIFICATE OF COMPLIANCE

Foreign Entity of Concern (FEOC) compliance requires U.S. clean energy projects to avoid sourcing components or receiving material assistance from designated foreign adversaries (primarily China, Russia, Iran, and North Korea). Failing these rules results in a total loss of federal tax credits, making strict supply chain audits and supplier certifications essential.

Statement of Compliance:

Under provisions set forth in the One Big Beautiful Bill Act (2025), Thermal Edge Inc. confirms that Thermal Edge Inc. is not owned by a Foreign Entity of Concern and that at least 55% of the direct cost of manufactured products and components in our Air conditioners comes from sources other than a Prohibited Foreign Entity (PFE).

Air Conditioners	Compact Series	75%
	Narrow Edge Series	80%
	High-Capacity Series	80%
	Top Mount Series	80%
Air to Air Heat Exchangers	Air to Air Tall	97%
	Air to Air Deep	94%
	Air to Air Compact	97%
Air to Water Heat Exchangers	Air to Water 200 Series (A2W200)	89%
	Air to Water 100 Series (A2W100)	90%
	Air to Water 60 Series (A2W60)	89%
	Air to Water 30 Series (A2W30)	93%

Direct cost of manufactured products and components in Thermal Edge air conditioners that **do not** originate from FEOC.
